## President's Message

Looking back.....This is looking back from a different perspective. We are all pretty blessed when we exit our vehicles. We walk away, we turn around, and we just have to look back, and what we see IS what moves us physically and emotionally! Sometimes when you walk away and look back, the car is not even yours... Let me explain... I recently had the pleasure of very extended drive in a fantastic Porsche. Doing some reconnaissance for the CLUB in fact. Made sense to take his car as the roads were inviting! While stopping at a scenic location, we took a little step back, looking back at that piece of machinery, thinking about that piece of machinery, thinking that this is a street legal piece of machinery. Man, that was a good look back. I have another look back of a different kind,

Recently, I had my last look back at my beloved 2013 Cayenne diesel. I put 80,000 miles on it in under 4 .5years. I have NEVER put miles like this on one vehicle as when I sold it, she had 160,000 miles on it! It was kinda hard to look back on it as I said goodbye. I thought it was going to go via off-road build. But plans change, and for good reason! I am close to my next P CAR and you can bet, it will be "look back" worthy!

How does this all affect the club? If there isn't something on the calendar or there isn't something that you really fancy to do, but you do have that PORSCHE and you want to do something, just go out take that drive, just go someplace! It's PRIME driving season, go where you can and when you can and by all means, enjoy getting out and taking a look back at your ride with a smile on your face, knowing WHY it's making YOU savor the "look back"!

Happy driving!.

Gary Tucker

**The Jersey Shore Region would like to welcome  
the following new members to its club!**

Michael Alicastro Blue 2017 911 Turbo S	Jimmy Dematteo Silver 2024 911 Carrera S	Jared Gaccione White 2017 911 Carrera S

# Dealer's Perspective

Patrick Hauser

General Manager

[phauser@penskeuautomotive.com](mailto:phauser@penskeuautomotive.com)

## CPO vs. Private Sale: The Truth About Buying a Pre-Owned Porsche

There's a certain thrill in finding the right pre-owned Porsche, whether it's a weekend 911, a daily Macan, or a long-sought-after GT car. Many enthusiasts naturally explore both private sales and dealer inventory in that search. From a dealer perspective, I can tell you there are meaningful differences between the two paths—especially when it comes to standards, preparation, and long-term value.

### Porsche Standards Are Exceptionally High

Every Porsche that enters our Certified Pre-Owned (CPO) program is held to a level of scrutiny that goes far beyond what most private sellers—or even independent shops—can replicate.

At the core of this is Porsche's **111-point inspection**, a comprehensive evaluation that covers:

- Mechanical systems
- Engine and transmission performance
- Suspension and braking components
- Interior condition and electronics

Exterior finish and structural integrity

This isn't a quick once-over, it's a detailed, line-by-line process designed to ensure the car meets Porsche's factory standards.

### Service History: Not Just Reviewed—Brought Fully Up to Date

One of the most important (and often overlooked) aspects of our process is bringing the vehicle's service completely current by both time and mileage.

In practice, this means:

- Even low-mileage cars may require significant service work
- Maintenance is performed not just based on miles driven, but elapsed time

Items like fluids, filters, and scheduled services are addressed proactively

For example, a car with very low mileage may still need a major service interval completed simply because of age. We do that work before the vehicle ever reaches the showroom floor.

That level of diligence is where the gap often exists between a private sale and a dealer-certified vehicle. A privately sold car may appear clean and well-kept—but may not be fully up to date on critical maintenance that impacts reliability and performance.

### The CPO Warranty: A Major Value Driver

Beyond inspection and preparation, one of the strongest advantages of a Porsche CPO vehicle is the warranty coverage.

Traditional CPO coverage includes:

- **2 years of unlimited mileage warranty**

Coverage that closely mirrors the original factory warranty

However, depending on the vehicle's age and eligibility, this coverage can extend even further—**up to 6 years of unlimited mileage protection** from the vehicle's original in-service date.

*(cont.)*

## Dealer's Perspective (*cont.*)

Patrick Hauser  
General Manager

[phauser@penskeuautomotive.com](mailto:phauser@penskeuautomotive.com)

For many clients, this creates:

- Predictable ownership costs
  - Peace of mind for both daily driving and long-distance touring
- Confidence in performance, especially on higher-value or higher-performance models

### Why We're Seeing a Surge in CPO Demand

We've seen a noticeable increase in interest and transactions, around Certified Pre-Owned Porsche vehicles. The reason is simple:

#### **The value proposition is unprecedented.**

When you combine:

- Factory-level inspection standards
- Fully current service and reconditioning

Extensive warranty protection

The result is a vehicle that delivers not just driving enjoyment, but confidence and long-term protection that's difficult to replicate elsewhere.

### The Bottom Line

There will always be great cars available through private sales, and for many enthusiasts, that path can be part of the adventure. But from where we sit, the difference ultimately comes down to certainty.

With a Porsche CPO vehicle, you're not just buying the car, you're buying into:

- A defined standard
- A documented process

And a level of accountability behind what you're driving

For many Porsche owners, especially those who plan to truly use and enjoy their cars, that distinction matters more over time than the initial purchase itself.

JERSEY SHORE REGION

IT'S NOT JUST THE CARS — IT'S THE PEOPLE

## Trent Hindman at Porsche Monmouth

The Jersey Shore Region PCA is pleased to announce a special evening with IMSA Series, professional race driver Trent Hindman, for an engaging behind-the-scenes discussion on the realities of building and sustaining a professional racing career. The event will take place on **June 18, 2026, beginning at 5:30 PM at Porsche Monmouth.**

Trent will share personal stories and experiences from his progression through amateur racing to professional endurance competition, including the challenges, sacrifices, uncertainty, teamwork, and discipline required to compete at the highest levels of motorsport.

The presentation will provide fascinating insight into life inside professional race teams, the transition from amateur to professional driver, managing setbacks and sponsorship pressures, physical and mental preparation for endurance racing, and working alongside amateur “gentleman drivers” in major events.

Designed to be conversational and story-driven rather than overly technical, the evening promises a rare and authentic look into the personal and professional journey of a modern professional race driver, followed by audience Q&A.

Refreshments will be served. **Please RSVP to: dawnresnick126@gmail.com** no later than June 15th.

## Open Board Meeting - Anchor Tavern - 1/24

### PORSCHE EMERGENCY CHECKLIST

Jersey Shore PCA

#### 🔑 MANUAL ENTRY (RED)

- Remove mechanical key
- Unlock door (alarm normal)
- Hold fob near column to start

#### 🔋 DEAD BATTERY (RED)

- Unlock manually
- Access fuse panel
- Apply 12V → release frunk

#### ⚡ JUMP START (YELLOW)

- + to + terminal
- to chassis ground
- Start engine
- Remove - then +

#### 🔧 MAINTAINER (GREEN)

- Use NOCO / Deltran
- Connect + and -
- Use if idle >3-5 days

#### 🛞 FLAT TIRE (YELLOW)

- Connect sealant kit
- Inflate tire
- Drive 5-10 miles
- Recheck pressure

### Porsche Survival Techniques: Be Prepared Before You Need It

**Mike Gussis, Nick Trocchia, Brian O’Sullivan**

At a recent PCA Jersey Shore Region session, we introduced “Porsche Survival Techniques”—a practical guide to handling common roadside and garage situations with confidence. Modern Porsches are highly engineered, but that sophistication can create challenges when something unexpected occurs, such as a dead battery, failed key fob, or flat tire.

The presentation focused on essential skills every owner should understand before they are needed. These included emergency vehicle entry with no power, starting the car with a weak or dead key fob, proper battery maintenance using tools from brands like NOCO and Battery Tender, safe jump-start procedures, and use of the factory tire sealant and compressor kit.

A key theme was preparation—knowing these procedures in advance eliminates stress and prevents mistakes. Attendees were encouraged to practice these steps at home and become familiar with their vehicle’s manual overrides and connection points.

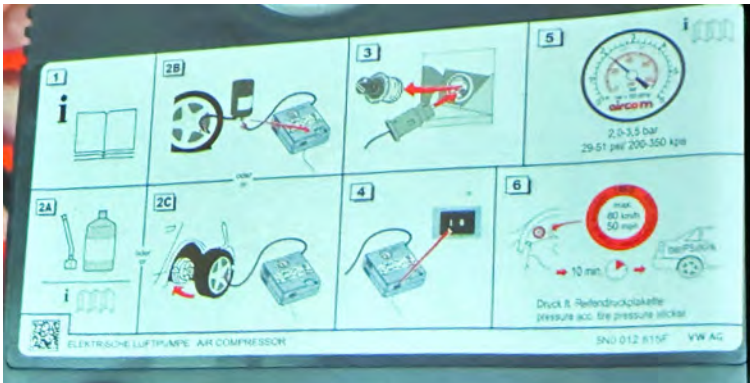

To reinforce the training, a laminated “glovebox card” was introduced, providing quick, step-by-step instructions in a simple, checklist format.

The takeaway is clear: when the unexpected happens, preparation turns a potential problem into a manageable situation—and ensures you stay in control of both the car and the moment.

Regards,  
Mike Gussis

## Tour of Hindu Temple BAPS Swaminarayan Akshardham 5/20 Brian O’Sullivan

Twenty-five Jersey Shore members and guests joined us for a tour of the BAPS Swaminarayan Akshardham Temple in Robbinsville, NJ. Twenty-one of us left from the Judy Blume Service Area along the Garden State Parkway to the temple. The hour-long guided tour kicked off with a short video that gives you a quick peek at the site, its construction, and design, plus a look at some of the important people, deities, and symbols in Hindu religion.

The temple itself, mostly made of marble, was truly magnificent. Words just don’t do justice to the highly detailed, ornate open-hand carvings and statues that decorate both the inside and outside of the temple. Twelve thousand volunteers worked on building the temple over a ten-year period, with as many as 800 volunteers on site at any given time.

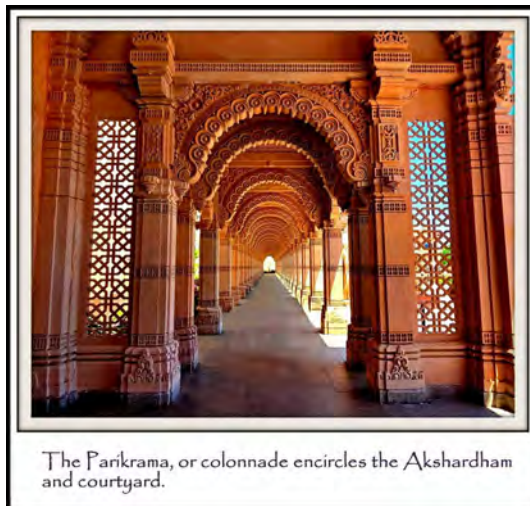

After the tour, fifteen Jersey Shore Members drove a short distance to Palmeros in Bordentown, NJ, for a taste of their famous Jersey pizza before heading home. *Photos by Brian O’Sullivan and Curt Watts.*

## Tour of Hindu Temple BAPS Swaminarayan Akshardham 5/20 (cont.) Brian O'Sullivan

Curt Watts and Janet Dattoli, meditate with our guide, Ashok.

The Parikrama, or colonnade encircles the Akshardham and courtyard.

Our incredible guide, Ashok.

## From the Dust Bin of JSR's History Plates of Silver and Gold *(Thanks to Bill Kreig's Shoreline Archives)*

October 26, 1976

Ms. Judy Young  
Contributing Editor  
PORSCHE PANORAMA  
2500 Slater Mill Road  
Douglasville, GA 30134

October 3rd marked Jersey Shore's third annual "GATHERING OF FRIENDS", a low pressure Concours d'Elegance held at the Rumson Country Club, Rumson, New Jersey, and co-sponsored by the Gull-Wing Group and the Ferrari Club of America. Dampened somewhat by a sullen downpour, about forty of the faithful showed up, due in no small part to the famed beauty of the setting and the ceaseless nagging of the enrollment chairman who should be nameless, but whose initials are Pete Arnold. About one hundred dinner guests then enjoyed a prime ribs repast at the club poolhouse--a gourmet (and gourmand) feast through the efforts of Bill Buff, the Facilities Chairman. After dinner, the trophy winners claimed their silver platters (and a gold tray) as follows:

Best 911	Roy Bergey	Unaffiliated
Best 912E	Jean Rose	Jersey Shore
Best 914	Hamilton MacGregor	Jersey Shore
Best 356 - Cabriolet	Jerry Hickey	Jersey Shore
Best 356 - CPE	Bob Lawrence	Metro N. Y.
Best Carrera	Bob Barton	Jersey Shore
Best 300 S-L	Thomas Bowe	Gull Wing Group
Best Early Ferrari (A Superfast)	Dick Jacoby	F. C. A.
Best GTC Ferrari	Larry Zwich	F. C. A.
Best Dino	Bernard Porschenik (Honest!)	
Best Corvette	Jeff Lord	
Best Vintage '34 MG-PA	Scott Buttfield	
Best Classic) '53 and Best in Show) MG-TD	Gregg Wells	

Oldest Car: '24 Bentley LeMans	Howard Andrews (Actual Entrant)
-----------------------------------	------------------------------------

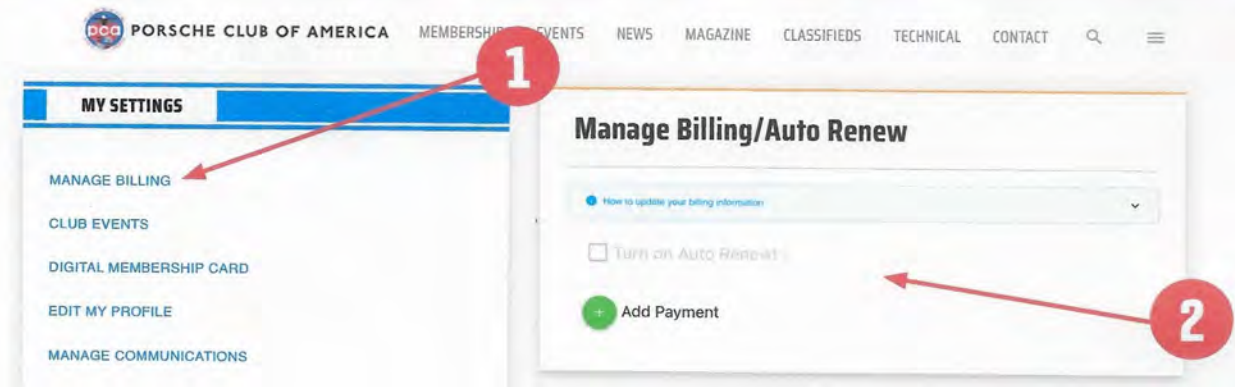

Most Mileage: '60 Conv. D Porsche	Marc Wontner (137,000)
--------------------------------------	---------------------------

Farthest Distance Traveled to Concours	'72 Daytona - John Forrest (Richmond, VA)
---	--

Best Special Interest Car	'77 Diesel Rabbit Prototype
------------------------------	-----------------------------

Next year - same place - same time (approx.) -- Y'all come!!!

# Go have fun & don't worry about your PCA Membership! New Auto Renewal features

**Now you can enjoy a simpler, more convenient way to manage your membership:**

- ✓ Turn on automatic renewal, just like many of your other subscriptions.
- ✓ Stay active without worrying about missing your renewal date.
- ✓ Avoid annual renewal letters and reminder emails.
- ✓ Update your billing information anytime during your membership term.

When you enroll in auto renewal, your membership will automatically renew during your renewal window using the billing information you have securely stored on file. You can update or remove your payment information at any time. Auto renewal makes it easy to keep your membership active without extra reminders or paperwork.

▶ Go to <https://members.pca.org/member/manage-billing> and click on "Manage Billing" as seen above.
